Honourable Consul General
Indian Consulate
Dubai.

Your Excellency,

We thank you for the Consulate support over the years in making it possible for Our Own English High School, Dubai, which is established in 1968 and affiliated to CBSE, to grow from strength to strength and become a well sought after school for its quality and excellent results.

As per local norms and in respect to local traditions and values, we have been operating the school in shifts separately for girls and boys, with boys attending the school in the afternoon for many years.

In 2003, the MOE has directed all the schools to operate as a single facility in the morning for both girls and boys with effect from 2005.

In deference to the directives, we built a school plant on a separate campus and sought permission from the MOE to operate under Our Own English High school. We were initially granted permission by the MOE. But the Economic Department advised us to operate the boys' branch under a different name. We had no option but to agree on a new name - 'OUR OWN HIGH SCHOOL', Al Warqaa.

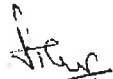

We transferred the boys from Grade V - XII and the staff as the new building was ready for full operations.

In technical terms, the curriculum, the staff, the students etc. are all the same but the classes for boys are held on a different campus as we had no option but to follow the MOE directive.

Please provide us with a No Objection Certificate to process the affiliation of Our Own High School with the Central Board of Secondary Education, Delhi.

Regards,

Yours sincerely,

G.S. Madhav Rao
Executive Principal
